ORGANIZATIONAL POLICY

**Recording Speakers
at the Annual Conference**

June 30, 2009

In the past, the HSMG has received requests for audio and/or video recordings of speakers and presenters at the HSMG Annual Conference. After thorough research into the cost, quality, legality and willingness of the speakers to be recorded, it is now the policy that the HSMG shall not make or sell audio or video recordings of speakers at the HSMG Annual Conference.
